C. FIRST-TIME, FIRST-YEAR ADMISSION

C1-C2: Applications

C1 First-time, first-year students: Provide the number of degree-seeking, first-time, first-year students who applied, were admitted, and enrolled (full- or part-time) in Fall 2024.

- $\bullet \quad \text{Include early decision, early action, and students who began studies during summer in this cohort.} \\$
- Applicants should include only those students who fulfilled the requirements for consideration for admission (i.e., who completed actionable applications) and who have been notified of one of the following actions: admission, non-admission, placement on waiting list, or application withdrawn (by applicant or institution).
- Since the total may include students who did not provide gender data, the detail need not sum to the total.
- If your institution collects and reports non-binary gender data, please use the "Another Gender" category.
- Note that recent high school graduates and other students without prior postsecondary experience will still be considered "first-time students" for fall enrollment reporting purposes even if they enrolled in the summer prior to fall enrollment.
- Provide numbers of students for each of the following categories as of the institution's official fall reporting date or as of October 15, 2024.

C9-C12: First-time, first-year Profile

Provide information for ALL enrolled, degree-seeking, full-time and part-time, first-tyear students enrolled in Fall 2024, including students who began studies during summer, international students/nonresidents, and students admitted under special arrangements.

Percent and number of first-time, first-year students enrolled in Fall 2024 who submitted national standardized (SAT/ACT) test scores.

- · Include information for ALL enrolled, degree-seeking, first-time, first-year students who submitted test scores.
- Do not include partial test scores (e.g., mathematics scores but not critical reading for a category of
- students) or combine other standardized test results (such as TOEFL) in this item.
- Do not convert SAT scores to ACT scores and vice versa.
- If a student submitted multiple sets of scores for a single test, report this information according to how you use the data. For example:
- . If you consider the highest scores from either submission, use the highest combination of scores
- (e.g., verbal from one submission, math from the other).
- If you average the scores, use the average to report the scores.
